

ACT High School CPR & AED Program

REVIEW STEPS

1

Remember, say to yourself:
"I've been trained. I can do this."[®]

Take charge and check for hazards.

2

Not responsive? Not breathing (or only occasional gasp)?
CALL 911. Send for AED.

3

Give 30 compressions. Push hard and fast in centre of chest between the nipples (compress at least 5 cm at a rate of 100-120/minute).

4

Open airway (head-tilt chin lift).
Give 2 breaths.
Continue CPR with 30 compressions / 2 breaths until AED arrives or EMS takes over.

5

When AED arrives, turn it on.
Apply pads to bare chest.
Follow voice prompts.

The **ACT Foundation** is the national charitable organization that is establishing CPR and defibrillator training programs in high schools across Canada. ACT's National Health Partners are AstraZeneca Canada, Sanofi Canada and Amgen Canada.
